## WHAT THIS CERTIFICATE MEANS TO YOU THE CUSTOMER

The Regulations or Byelaws apply to any water fitting installed or used in premises to which water is to be supplied by a public water supplier.

There are penalties for owners, occupiers of premises and installers who contravene the requirements of the above. This Certificate may be used as a defence in any proceedings against an owner or occupier in which work did not meet the requirements of the Regulations or Byelaws.

Keep this Certificate in a safe place, it confirms that work has been carried out by a plumber who has proven by assessment that he/she understands the requirements of both the Regulations and Byelaws.

Note: The Regulations apply in England and Wales, the Byelaws apply in Scotland. Separate Regulations apply in Northern Ireland.
